### *The Image of God Within*

There was once a very interesting psychological experiment carried out on a college campus. A researcher asked twelve volunteers to assist her in studying how the general public would respond to a person with a physical deformity. Each one of the students was placed in a separate room without mirrors. Next, a make-up artist was sent in to each room to paint a life-like facial scar on the left cheek of each volunteer.

When this was done, the researcher then came into each room and privately told each volunteer that she had to make some last minute adjustments to the scar. While pretending to make adjustments the scar, the researcher actually wiped off the make-up! The students, however, still believed that they had a scar on their left cheek. They were then sent out to various loca-

tions to observe how the public responded to their scar. Upon returning at the end of the day, each student reported that they were treated rudely and that people stared at the "scar."

The study provided the students with a good lesson in self-image. If we dislike ourselves, we may convince ourselves that others dislike us as well and we will treat them accordingly. How many arguments and personality conflicts could be avoided if only we remembered that we are all made in the image and likeness of God. This Sunday commemorates the restoration of icons (holy images) at the Seventh Ecumenical Council in 787. Let us take this occasion to remind ourselves that the Holy Image of God is within each of us and that we are all unique and precious in God's eyes!
